

Free iPad Songwriting Resources

Dear All,

We would like to contribute in a small way to the task facing teachers, parents and carers **by offering our ['Teaching Music with Garageband for iPad'](#) resource for free/donation to all schools and homes.**

The resource consists of a series of fun and accessible songwriting projects suitable for ages 7-16, covers much of the KS2/3 music curriculum, and contains video guides that allow pupils to work alone or with an adult. It is a perfect resource for one-to-one work at home, or small group work in schools.

[This video](#) gives a good overview of the resource.

[Download the Resource](#)

[Please feel free to pass this on to parents and the wider school community.](#)

[In solidarity,](#)
