

## WFMT BUZZ

From the desk of Dr. Melissa Mercadal-Brotons

# JANUARY 2019

Dear WFMT friends and colleagues,

I am very happy to introduce to you our first Buzz for 2019 which features the Chair of the Publications Commission of the World Federation of Music Therapy: **Dr. Annie Heiderscheit**.

The main objective of the Publications Commission of the WFMT is to disseminate research and information to advance the profession of music therapy. In this regard, Dr. Heiderscheit's role involves developing goals for her Commission as well as editing and managing the WFMT online journal, **Music Therapy Today**.

I encourage you to read and share this buzz with music therapy colleagues and to consider writing about your work and expertise by submitting your manuscript to *Music Therapy Today* to help us accomplish our mission. The greater the participation, the broader will be the knowledge and understanding of the music therapy profession worldwide.

Chair, Publications Commission**

Greetings from the Publications Commission and Happy New Year to you!

I am pleased to tell you about the work that the publications commission is undertaking, as well as news about the upcoming issue of **Music Therapy Today**. The Publications Commission is currently working on exploring the structure to sustain and best support the growth of *Music Therapy Today*. We will continue to explore the best options and develop a proposal for the WFMT Council to review in the Spring 2019 and any recommendations will be voted in at the WCMT in 2020. We are striving to ensure the journal serves our global profession, providing information, new knowledge, as well as access to this information to music therapists all around the world.
