

Creative Arts Supervision Training

Creative Clinical Supervision Training Accredited by ADMPUK

ReLight are very excited to be running our second year of the training following a successful year in 2020 despite the challenges posed by the pandemic.

This course invites you to develop your capacity and skill to become a Creative Clinical Supervisor. Through the exploration of your own reflective and embodied practice, synthesised with relevant Supervision and Creative Arts Psychotherapy theory, you will be facilitated in an artistic and compassionate environment.

Led by an experienced Dance Movement Psychotherapist and Dramatherapist, as well as visiting facilitators, this training integrates theory drawn from both modalities and has much cross overs with other creative arts therapies. The course will take place over 9 weekends in Bristol. Should restrictions continue the venue will be moved to a Zoom platform. We had great success this year facilitating some of the course weekends on zoom when we couldn't meet in person.

To make it accessible as we can, we have also made it affordable with training fees at £1,700 and a deposit of £400 to secure your place.
