*Frontiers - All Ireland Arts Therapies/Creative Arts Therapies Convocation*

This is an inaugural gathering of Arts Therapies (HCPC registered) and Creative Arts Therapies (IACAT accredited) from Northern Ireland and Ireland, sharing best practice and innovation.

A convocation is a calling together of people for the purpose of celebrating, sharing and learning from each other.

The theme of frontiers will highlight both clinical and community contexts of practice by art, dance-movement, drama and music therapists.

This will also be an opportunity to showcase the benefits, impact and efficacy of the arts therapies and creative arts therapies to stakeholders.
